

# Product Information

## Code

DSSB

## Description

Microbell Set

## Features and Benefits

- Fully commercial-grade dumbbells with stainless steel handles and rubber-coated plates.
- Heavy-duty commercial rack.
- Small footprint only (65cm x 88cm)

Designed for applications where space is limited, but a large range of dumbbell sizes is required. Comes complete with 1 pair of dumbbell handles plus one pair of 5, 10, 15, and 20kg dumbbells. Each dumbbell can be 'micro-loaded' with the included extra plates and spring collars. This effectively allows dumbbells to be made from 2kg-25kg in 1kg increments. Perfect for personal training studios and home gyms.
